SUPER 64 MARIO™

Mario is super in a whole new way! Combining the finest 3-D graphics ever developed for a video game and an explosive sound track, Super Mario 64™ becomes a new standard for video games. It's packed with bruising battles, daunting obstacle courses and underwater adventures. Retrieve the Power Stars from their hidden locations and confront your arch nemesis -- Bowser, King of the Koopas!

- Run freely in a grassy meadow, tip-toe through a gloomy dungeon, climb to the top of a mountain or take a swim in the moat!
- Leap head first into a watery painting and soon you'll be searching for the surface in an underwater realm!
- On-the-fly 3-D rendered game play delivers the action of ruthless enemy attacks from every angle!
- Find the Caps that give Mario super powers, ponder the mysteries of the pyramid, you can even race Koopas for fabulous prizes!
- With the Nintendo 64 Controller and its analogue Control Stick, Mario can crawl, kick down obstacles, swim, do reverse flips, and even slick the landing on his backwards somersault!
- Saved game information is stored for up to four players in memory.
